

## Berk-Ex 2012 Communication Scenarios

1. A large tree branch fell onto the power lines at \_\_\_\_\_(address). The power line is not sparking and still appears to be connected, but just barely.
2. The church at \_\_\_\_\_(address) has collapsed, and there is a large group of people trapped inside. You can hear people calling for help.
3. An elderly man is trapped under a piano at \_\_\_\_\_(address). He is conscious, but his leg is clearly broken.
4. An AC Transit bus has had a major accident near \_\_\_\_\_(address). Your group has rescued \_\_\_\_\_(number) people from the bus. Two of them need immediate medical attention (bleeding injuries).
5. A wall has collapsed inside a house at \_\_\_\_\_(address). A 5-year-old boy is trapped under a heavy beam. He is conscious and uninjured, but he cannot get out.
6. There is a diabetic teenager at \_\_\_\_\_(address). All his insulin is in his collapsed house. He needs insulin within 4 hours.
7. There are 3 German Shepherd dogs travelling together that are loose in your neighborhood near \_\_\_\_\_(address) that are acting viciously towards anyone who approaches them.
8. A total of \_\_\_\_\_(number) houses in your neighborhood near \_\_\_\_\_(address) have collapsed. Everyone is safe, but you have \_\_\_\_\_(number) people who are homeless and without basic supplies.
9. The house at \_\_\_\_\_(address) in your area has collapsed, and you can hear at least 2 people trapped inside and calling for help.
10. One woman in your neighborhood currently at \_\_\_\_\_(address) has a serious head injury and is unconscious. She is receiving first-aid medical attention.
11. The gas station at the corner of \_\_\_\_\_(street) and \_\_\_\_\_(street) has experienced an explosion and fire that is still burning, and your group is caring for 9 burn victims, 2 of them seriously injured.
12. The gas station at the corner of \_\_\_\_\_(street) and \_\_\_\_\_(street) has a strong smell of gasoline from a broken gas pump. There is no fire at this time.
13. Your entire neighborhood near the intersection of \_\_\_\_\_(street) and \_\_\_\_\_(street) has lost power, but there is no sign of downed power lines in your area.
14. You smell gas coming from the vicinity of \_\_\_\_\_(address). Your group has turned off the gas to all the nearby addresses, but you still smell gas.

15. There is a large fountain of water shooting up from the street at the corner of \_\_\_\_\_(street) and \_\_\_\_\_ (street) from a broken water main.
16. There is a house fire at \_\_\_\_\_(address) that is burning out of control. Right now it is the only structure burning.
17. A large apartment building with \_\_\_\_\_ units at \_\_\_\_\_(address) has completely collapsed. It is not on fire, but you can hear many people inside calling for help.
18. You can see thick black smoke rising from the area that is approximately located at \_\_\_\_\_(address).
19. An elementary school located at \_\_\_\_\_(address) is on fire. You believe the school is empty (Saturday), but you are not sure.
20. Several individuals are breaking into the stores at \_\_\_\_\_(address) and stealing things.
21. A multi-car accident has occurred near \_\_\_\_\_ (address). One person has a serious head injury, and one person has internal injuries (from impacting the steering wheel).
22. One large oak tree has fallen onto \_\_\_\_\_ (street) near \_\_\_\_\_(address), and the road is impassable.
23. A power line located near \_\_\_\_\_(address) has fallen from the pole and is sparking wildly.
24. Your group located at \_\_\_\_\_(address) is overwhelmed with casualties coming from the BART tunnels, and you need medical supplies.
25. There is smoke coming out of the BART tunnel located near \_\_\_\_\_(address).
26. All the windows from the office building at \_\_\_\_\_(address) have broken, and the glass fell onto the sidewalk. There are \_\_\_\_\_(number) people with life-threatening bleeding injuries who need medical attention.
27. The brick chimney at \_\_\_\_\_(address) has collapsed onto the sidewalk, and one woman and her dog are trapped under the debris but are still alive.
28. The BART tunnel that crosses \_\_\_\_\_(street) has completely collapsed, making the road impassable.
29. The entire hillside near \_\_\_\_\_(address) has fallen onto the street and houses below it, blocking the road and knocking the houses off their foundations. It is unknown if anyone is in those houses.
30. The multi-level parking structure near \_\_\_\_\_(address) has partially collapsed, and cars have fallen onto the sidewalk and \_\_\_\_\_(street).
31. There is a warehouse near \_\_\_\_\_(address) that has a strange chemical smell coming from it.

32. Water is pouring out of a crack in the street near \_\_\_\_\_(address).
33. You can see that the University dormitory located at \_\_\_\_\_(address) is on fire, and many students are trapped inside and hanging out the windows.
34. There is a strong smell of raw sewage coming from the street near \_\_\_\_\_(address).
35. Your neighborhood near \_\_\_\_\_(address) has survived the quake fairly well, but you really need a generator so you can take care of the wounded until formal help arrives.
36. The hospital/clinic located at \_\_\_\_\_(address) has collapsed, and many wounded people are arriving for help, but no one is there to help them.
37. The ground near \_\_\_\_\_(address) has "liquified" from the quake, and \_\_\_\_\_(number) houses have sunk in, with the first floors almost completely buried, with an unknown number of people trapped inside.
38. There is a large quantity of water running down the street near \_\_\_\_\_(address) from an unknown leak.
39. The gas main located near \_\_\_\_\_(address) has ruptured, and a 40-foot flame is shooting from the ground. The nearby houses have been evacuated.
40. A helicopter has landed in your neighborhood in \_\_\_\_\_(park/baseball field/football field) near \_\_\_\_\_(address) and offered your group medical supplies and to take out some of the wounded. They said they would return in one hour.
41. You heard sounds like gunshots coming from the approximate area of \_\_\_\_\_(address) at \_\_\_\_\_(time).
42. Your group is fighting a house fire at \_\_\_\_\_(address), but soon it will be out of your control, and you need help.
43. The front of the apartment building located at \_\_\_\_\_(address) has collapsed into the street, and there are \_\_\_\_\_(number) dead and \_\_\_\_\_(number) wounded who have been moved to \_\_\_\_\_(address) that need help.
44. The bridge/overpass near \_\_\_\_\_(address) has collapsed, making the road impassable. One car has fallen off the bridge, and 2 people are injured.
45. The PG&E power station near \_\_\_\_\_(address) is sparking wildly and is making a very loud humming noise.
46. An aftershock has caused a brick building near \_\_\_\_\_(address) to collapse onto a TV news crew in their van. You can hear them calling for help from under the debris.
47. A pregnant woman at \_\_\_\_\_(address) has gone into premature labor.

48. Your group lives on a hillside near \_\_\_\_\_(address), and you can hear creaking and snapping coming from the hillside. You think the area is about to slide. You are currently evacuating as many people as possible.
49. A multi-story apartment building has collapsed such that the second floor is now the new first floor. Many of the tenants are injured and can't get to the lower floor to get out.
